

Attachment 1. Justification of study length (1.5 hours/1.5 SONA points).

The previously HREC-approved study length was 1.5 hours, and this is the study length shown on the PISCF. The main decision-making task will take approximately 1 hour, and questionnaires plus informed consent and debriefing procedures will take a maximum of 30 minutes, resulting in the total study length of 1.5 hours.

Attachment 2. HREC Approval Letter.
